Our School Vision

To be a community of learners: valuing the effort and achievement of all; setting challenging goals and developing lifelong skills and positive values for our ever-changing world.

Success for All - Llwyddiant i Bawb

Our School Aims

We aim to:

- Celebrate the **diversity** of our city and promote our rich cultural heritage and team ethos as a community school in Wales.
- Promote **sustainability** and a shared responsibility for the future of the village and the wider world.
- Ensure all our pupils fulfil their potential and develop a **love for learning** embracing literacy, numeracy and technology skills.
- Enable our pupils to become caring and confident individuals, experiencing freedom of **choice**, whilst showing **respect** and **tolerance** for all.
- Enhance our pupils' **creativity** and **thinking** through a lively and **engaging curriculum**

Tongwynlais Primary School: Background & Context

Context

The school serves the community of Tongwynlais village on the northern fringe of the city of Cardiff. The village is a close community with many organised events throughout the year in which the school takes an active part. It sits under the shadow of the landmark Castell Coch. The River Taff is a natural border for the village, as is Fforest Fawr area with the other perimeters being of the man-made (M4 and A470) variety: it is an area increasingly popular with cyclists, runners and walkers who enjoy the woodlands and the Taff Trail. The proximity of the trunk road links makes it an effective commuter base for residents and businesses. Our catchment area serves contrasting areas of housing. A recent housing development has added to the number of pupils living in catchment area and we are regularly over-subscribed above our standard intake of 28 pupils per year with many applications from outside the catchment area who seek places based on the school's strong reputation.

The school is the second most challenged in its Family of School with a WG challenge index of 7.9. Currently the school is organised into 7 classes from Reception to Year 6 and the Nursery Unit with around 190 fulltime and a maximum of 48 part time Nursery pupils on roll (2017). The school roll is growing from the bottom up and in 2014/15 the buildings were remodelled to include an extra class into Key Stage 2 to meet the growing demands for space. The quality and size of accommodation is a challenge, and internal space is limited across both key stages with both main buildings being over a hundred years old and requiring an ongoing maintenance programme.

The village of Tongwynlais is part of the City of Cardiff; however there is a strong sense of community within the village which has its own Community Council and unique identity. The school is part of the 'Radyr Cluster' and most pupils move onto Radyr Comprehensive for Year 7.

School make-up

In 2017 the rolling 3 year average for pupils eligible for free meals was 16.04% however, as of September 2017, the actual figure for pupils entitled to free school meals on roll at the school is over 24%. This represents a fairly significant change in the demographics of our school population in recent years. Data collected in January 2017, shows that 31% of pupils were on the special educational needs register with 21% at SA, 7% at SA+ and 2% having Statements of SEN .Pupils come from a range of ethnic backgrounds and in 2017 these include Italian, French, Chinese, Polish, Russian, Spanish and mixed ethnic backgrounds. With 86% of the school population being identified as 'White British'; we have only one family that speaks Welsh at home.

Partnership Working

Effective partnership working is at the heart of the school's work and the school recognises the importance of having highly effective partnerships with parents and carers, and also the wider community it serves. The school has strong links with local health support services and works closely with Children's Services, agencies and the local authority support teams for the benefit of its pupils and their families.

In 2016/17, the Head teacher of Tongwynlais Primary took up a temporary executive headship at neighbouring Coryton Primary with the deputy taking up a temporary Head of School role at Tongwynlais. These arrangements were formalised and extended for 2017/18 to continue the accelerated support improvement work that was ongoing with Tongwynlais' leadership support. The schools' governing bodies are now moving to a positive federation following a very successful public consultation.

The school works also works closely with its school cluster. There are positive working arrangements between the school and the other primaries, and the local secondary school who collaborate on matters around transition; the standardisation of pupil assessment and also with a broad range of shared projects and activities for the pupils. Senior leaders within the cluster work together on policy and strategic matters including wellbeing, attendance and transition. The school is also very much engaged in its School Improvement Group (SIG) across the region with class teachers working on raising standards in agreed aspects of teaching and learning through collaborative planning and the sharing of 'best practice'. The head teacher is also a member of the **Educational Strategy Group** for the local authority which is 'steering' strategy across across the region.

School Improvement Plan September 2017 - July 2018

This school improvement plan has been developed in response to whole school self-evaluation: it is a collaborative document built upon staff, pupil, parental and Governing Body contributions. It is also under-pinned by those new National and Local Priorities to which the school must respond and show appropriately planned actions to introduce, implement and embed new initiatives and policies in order to raise standards, build capacity and improve school effectiveness.

This plan secures school improvement between September 2017 and July 2018 when the plan will be fully evaluated and a new plan developed for the forthcoming academic year 2017/18.

****All costs and budget sources highlighted in yellow indicate funding is streamed from Poverty Deprivation Grant monies for 2017/2018. This supports the agreed Spending Plan for PDG for 17/18.***

School Improvement Priorities for 17/18 are identified as:

1. To further develop high quality curriculum leadership, innovative provision and pedagogy moving towards 'Successful Futures'.
2. To further raise standards and provision for Digital Competency across the school.
3. To raise standards and improve provision in Maths and Numeracy in the Foundation Phase and Key Stage 2.
4. To improve care and support for learner well-being: improving outcomes, and 'closing gaps' for groups of learners.
5. To increase the capacity of strategic and distributed leadership through further developing school-to-school support and engagement programmes.

Mid-term School Improvement Plan: Draft Outline Priorities for 2018/19

Priority 1: To continue to develop both strategic and distributed leadership through deepening school-to-school collaboration (*Federation pending*).

Priority 2: To continue to develop high quality curriculum leadership, innovative provision and pedagogy moving towards 'Successful Futures'.

Priority 3: To further raise standards in the quality of teaching, learning and 'pupil progress' in Digital Competency across the school.

Priority 4: To review and update approaches provision for Language, Literacy and Communication across the Foundation Phase and Key Stage 2.

Priority 5: To strengthen provision and improve pupil outcomes in Welsh second language skills.

Long-term School Improvement Plan: Draft Outline Priorities for 2019/20

Priority 1: To deliver an innovative and exciting 'Successful Futures' curriculum with pedagogical approaches supporting all learners.

Priority 2: To deliver excellent DCF and ICT opportunities for learning for all learners.

Priority 3: To begin to deliver longer term aims and objectives of the Federation (*Federation provisional*).

Priority action plan 1

Source(s) of priority: Successful Futures: Welsh Government new teaching standards; Qualified for Life Objectives 1 & 2; school self- evaluation

To further develop high quality curriculum leadership, innovative provision and pedagogy moving towards 'Successful Futures'.

Targets:

1. To begin to innovate in the new '**Areas of Learning and Experience**' focusing on developing curriculum leadership teams and the principles and pedagogical purposes of the new curriculum for Wales.
2. To begin to use the new **Professional Teaching Standards for Wales** working with a pioneer partner school focusing on '**Pedagogy**' to underpin high quality curriculum innovation and provision.
3. To strengthen and empower **pupil-voice** in curriculum planning in key stage 2.

Impact / success criteria:

- 100% of teacher and pupil-initiated **planning** confirms high quality and innovative 'experiential' learning experiences securing positive outcomes for all learner groups.
- 100% **teaching in observed lessons** in both key stages is innovative, consistent and progressive with all teachers demonstrating aspects of 'best practice'.
- New **curriculum teams** are beginning to work confidently and collaboratively in the 'Areas of Learning and experience' providing **curriculum** support and professional direction to colleagues i.e. relevant staff CPD programme; staff needs analysis completed and resources audits.
- 'Teaching and learning for 'Science and DT' show meaningful 'alignment' and the school is providing high challenge and quality with a focus on 'modelling' opportunities for all upper key stage 2 pupils.
- The school attains the national **Primary Quality Science Mark at Gold level**.
- Individual **action plans** for the 2017/18 '**focus**' **Areas** have been developed and action is beginning to secure school improvement in each area.
- **PASS data** 2018 indicates that almost all pupils +90% (including efsm pupils) feel that **curriculum changes** are having a positive impact on their attitudes to learning and learning experiences.

Evaluation Commentary:

Changes to plan arising from monitoring/circumstances:

Priority action plan 2

Source of priority: Welsh Government DCF ; Qualified for Life; school SER and CSC CA report

To further raise standards and provision for Digital Competency across the school.

Target(s)

1. To continue to refine curriculum planning for all pupils in both key stages to apply the DCF is developed in meaningful, progressive and stimulating learning opportunities.
2. To continue to increase staff capacity in **digital competence** across the school to ensure that 100% teaching and learning of ICT is at '**least good**' with many aspects of **excellence** practice in all classes.
3. To improve the recording and monitoring of pupil progress in ICT by further developing the use of **Computing Unlocked's® assessment tracking tool**.
4. To further develop the role of the **Digital Leaders** to empower pupils to support the learning of other pupils and adults.

Impact / success criteria:

- **Long, mid, and short term learning plans** across the school consistently and coherently include appropriate and meaningful opportunities for effective digital teaching and learning linked to the DCF.
- End of year staff CPD audit shows that **100% of teachers**/support staff state that ICT CPD has had a positive impact on their digital confidence, knowledge, skills and understanding.
- Monitoring confirms a broad range of digital technologies are being used to deliver relevant, stimulating and challenging learning opportunities with **100% of teaching** (using ICT on **Continua®** "Methods and Strategies") judged as at '**least good**' with elements of '**excellence**' emerging for almost all teachers.
- '**Vlogging**' in upper key stage 2 is providing excellent opportunities for all pupils (focus more vulnerable and boys) to rehearse, improve and exemplify their skills which contributes to 100% of target group pupils in key stage 2 securing their agreed Oracy targets .
- The **ICT pupil Tracker** is embedded across the school and is used to appropriately set relevant pupil targets which secure at least '**good**' progress in ICT for **almost all learners**.
- Well-trained and motivated **Digital Leaders** (pupils) increasingly and pro-actively, support pupils and staff in ICT skills across the school.

Changes to plan arising from monitoring/circumstances:

Priority action plan 3**Source of priority: school self-evaluation; nation test data; Fynnon data pack****To raise standards and improve provision in Maths and Numeracy in Foundation Phase and Key Stage 2.****Target(s)**

1. To develop an 'in-house' bespoke curriculum for 'Mathematical Development' that will raise attainment & address the recent content 'changes' in the Maths national curriculum in Foundation Phase. (*see target data TBC*)
2. To increase more-able boys' attainment at **Outcome 6** in the Foundation Phase in Mathematical Development and secure aspirational Outcome 6 maths targets for boys in 2017.
3. To develop a more flexible approach to maths provision across key stage 2 that includes 'contextualised learning' for both teaching and applying 'Data Handling' and 'Measures' skills.
4. To strengthen Maths provision for the less-able (including efsm) with intervention programme '*Maths Factor*' that will reduce 'learning gaps' for agreed target groups. (*%data TBC after screening*)

Impact / success criteria:

- An effective new approach to delivering the lower FP maths curriculum replaces the commercial scheme of work previously used.
- Reviewed planning for focused and enhanced provision in FP ensures broader coverage and secures improved outcomes against the Maths curriculum and Numeracy Framework. (*target data TBC*)
- Curriculum provision is comprehensively reviewed in key stage 2 to identify opportunities for the teaching and application of 'Measure' and 'Data handling' in more meaningful contexts.
- Close in-year tracking of pupil progress in Maths (Reception through to Year 2 cohort) by school leaders secures progress and almost all pupils attain aspirational targets in 2018.
- Attainment in the national tests of MAT pupils attaining >115 is increased to 20% in the Numerical Procedure and Reasoning tests in Years 3-6 in May 2018.
- 'Maths Factor' intervention programme has accelerated in-year learning for all pupils in identified groups (including efsm pupils) and almost all achieve agreed targets. (TBC support programme measures used)
- At the end of key stage 2 in 2018, Year 6 cohort aspirational **>45%** pupils attain Level 5+ in Maths; Year 5 attain **>60%** (on track for L5 performance in 2019).and Year 4 attain **>50%** (on track for L5 performance in 2020).
- More than 38% boys at the end of FP 2018 attain Outcome 6 MTD, more than 50% of boys in Year 1 are on track to attain Outcome 6.

Evaluation Commentary:

Changes to plan arising from monitoring/circumstances:

Priority action plan 4	Source of priority: National and local priority – school-to school and partnership working; ‘well-being’ agenda
------------------------	---

To improve care and support for learner well-being: improving outcomes and ‘raising attainment for all groups of learners.

Target(s)

1. To deepen teachers’ understanding of the teaching and learning ‘**needs**’ of different groups of learners (including the more-able, boys and efsm).
2. To improve the in-house processes and systems for ‘**early identification**’, ‘**tracking**’ and ‘**intervention planning**’ for individuals and groups.
3. To introduce a new high quality, accredited **pupil counselling** programme which provides emotional support for those pupils with identified needs.
4. To further strengthen approaches to promoting family and community engagement for identified groups of learners.

Impact / success criteria:

- All teachers report that the CPD programmes have increased their professional knowledge and confidence on how to better support and challenge learners in ‘identified’ groups (i.e MAT;ALN efsm).
- 100% lesson observations and work scrutiny affirms that all teachers are effectively adapting curriculum content and teaching styles to better **meet the learning needs** of the different groups of learners.
- Almost all pupils in identified groups attain agreed their individual targets (TBC).
- Robust ‘early identification’ systems are securely in place and accurately identify those pupils who are over or under-achieving (particularly in English, Maths or Science) or whose personal, social and emotional development is giving concern.
- Tracking systems including safeguarding platform (**MyConcern®**) are refined to track for identified individuals or groups (including efsm and vulnerable) and secure progress; sustained attendance and higher levels of well-being.
- An accredited pupil counselling centre is established and feedback consistently shows that it is having a positive impact on attainment and well-being for all pupils (including efsm and vulnerable) who receive it.
- A comparison of **PASS data** between 2017 and 2018 indicates that the identified groups of pupils feel that school has had a positive impact on their attitudes to learning and learning experiences.
- Through using the WG FaCE toolkit, an action plan has raised family and community engagement within school, having a positive impact on those identified groups of pupils attainment and positive engagement with school

Evaluation Commentary:

Monitoring:			Evaluation:		
How?	Who?	When?	How?	Who?	When
1. Professional monitoring dialogue at staff meetings	Teachers	Planned INSET	1. Lead staff in final evaluation of priority (4) and targets	HT	Sum 1 18
2. Senior leaders progress discussions at SLT meetings	SLT	Fortnightly meetings	2. Collate and evaluate progress and attainment data for identified groups.	HT/HoS	Sum 2 18
3. Monitoring progress on the assessment tracker of pupils	HoS		3. Report to school Governors on progress/impact	HT	Sum 2 18
4. Listening to MAT and vulnerable learners	HoS	Dec 17 June 2018	4. Final evaluation of impact of staff CPD programme	HoS	Sum 2 18
5. Book scrutiny of MAT and vulnerable learners	HoS	Jan 18 Jun18	5. Final report evaluation report on impact of new initiatives and value for money of programmes	HT	Sum 2 18
6. Interim progress reports to Curriculum sub-committee	HT	Jan 18 Jul18	6. Evaluatory school reports on success of planned improvement actions in this priority in 17/18 to the regional challenge adviser	HT	Sum 2 18
7. Strategic review the early impact of:	HoS	Dec17 May 18			
8. CPD programmes on knowledge skill and understanding of support and teaching staff	HoS				
9. Sensitive listening to learners and dialogue with parents and carers around new provision dialogue	HoS				

Priority action plan 5**Source of priority:** SER; WG self-improving schools agenda; New Deal for Education Workforce

To further increase the capacity of strategic and distributed leadership through school-to-school support and engagement programmes.

Target(s)

1. To further develop strategic executive and senior leadership skills through a deepening collaboration with partner schools.
2. To continue to deliver a high quality programme of **Professional Learning Hub school-to school** events that deepens staff's skill level and confidence as highly effective and reflective practitioners
3. To develop '**Reflective Practice**' that improves pedagogy across the school by implementing an innovative '**peer coaching model**' in collaboration with partner school.

Impact / success criteria:**Evaluation Commentary:****Changes to plan arising from monitoring/circumstances:**

- Cross-school joint leadership 'working' is emerging increasing leadership capacity of middle leaders, executive head teacher; head of school and deputy head teacher.
- Senior leaders have further developed their whole-school evaluation processes and are further up-skilled in making accurate evidence-based, value-judgements.
- Almost all evaluations rate the **school-to-school programmes** delivered by TPS as 'at least' good in supporting their own professional development.
- School senior and middle leaders are **professionally enriched** through: 'networking'; planning; delivering and reflecting on in-house delivered Professional 'Learning Hub' programmes.
- A **coaching model** has been successfully implemented across the school and **reflective practice** principles are raising standards, and changing approaches and attitudes of teachers.
- Resources developed with partner Pioneer school are used to support teachers using the new professional standards.

Strategically Planned tasks	Lead person (& others)	Timescale Start finish		Resources	Costs/budget source
Target 1 Senior Leadership skills	HT /HoS	Sept 17	Oct 17	Leadership time	School budget School budget School budget School budget Central South regional funding income £2000 Supply 6 x £150 £900 DHT Programme £900
a. Meetings with staff and parents etc. as part of public consultation to federate	HT /HoS	Sept 17	March 17	Leadership time	
b. Prepare reports for GBs as required for Federation process	HT	Termly Mar 18	June 18	Leadership time	
c. Attend strategic Exec HT group at Consortia	HT/senior leaders in both schools			Leadership time	
d. A cross-school moderation of standards programme is established for leaders	ES Sci leader	Oct 17	March 18	Directed time/supply costs at £150 daily	
e. 'Pathfinder' support programme for Science is established and delivered by TPS	ES Sci leader	Nov 17	March 18	As above	
f. Pathfinder tasks are undertaken collaboratively	HT/senior leaders in both schools	April 18	Jul 18	Leadership time	
g. Shared programme of SLT meetings is established	MB DHT	Oct 17	May 18	Leadership time/supply costs CPD programme regionally delivered	
h. DHT works with DHT at partner school on extended joint CPD programme					
Target 2 Professional Learning Hub	CW/HR HW/CW	Sep 17	-----	Supply Cover/ provision of resources /hospitality etc	Central south regionally funded £30000 School budget Special Schools Group funded
a. School to school development programmes x 2 are planned and organised.	CW/HR HW/CW	Sep 17	-----	As above	
b. School to school 3 day programmes x 2 are hosted: Pupil Voice/ Thinking about Thinking Hats	HT	Termly 17/18	-----	Leadership diary time	
c. Attend Regional Hub Development coordinator meetings	CW/HR	Sept 17	-----	Non-contact time	
d. Further support regional 'partner' special schools group with bespoke curriculum programme delivered at TPS	CW/HR	Oct 17	-----	Non-contact time/supply costs 6 days at £150/day	
e. Triad teaching support programme with Special Schools is undertaken (school visits) with TPS focus on developing observed 'specialist' behaviour management approaches.	HW/MD	Jan 18	-----	Non-contact time	
f. Bespoke 'Thinking Approaches' 1 day programme delivered	HW/MD	Jan 18	Mar 18	Non-contact time/ supply costs 6 days	
g. Collaborative joint working group with special schools for metacognition (school visits)					
Target 3 Coaching and reflective practice					Total project cost: £1000
a. Joint strategic planning meeting is held (1)	MB/SB Coryton PS	Oct 17	-----	1 day supply	
b. Staff undertake joint CPD in 'Coaching Leadership'	MB/SB Coryton PS	Oct 17	-----	1 day supply/ trainer costs	
c. Joint action planning meeting is held (2)	MB/SB Coryton PS	Oct 17	-----	Trainer costs shared by two schools £250	
d. Pilot coaching Triad rolls out across 2 schools	MB/SB Coryton PS	Nov 17	Nov 17	3 days of supply	
e. Staff twilight to launch Model					

f. Roll out of cross-school triads phase 1	MB and CT's	Jan 18	Jan 18		
g. Joint school leaders programme review meeting	MB/SB Coryton PS	Feb 18	Feb 18		
h. Roll out of cross-school triads phase 2	MB and CT's	May 18	May 18		
		Jun 18	Jun 18

Tongwynlais Primary School: Improvement Priorities 2013/14 – 2016/17

School Improvement Plan Priorities 16-17

1. To increase strategic leadership in ICT implement the new Digital Competency Framework (DCF) across the broader curriculum successfully building upon, and further developing 'Computing Unlocked®'.
2. To further develop structured support programmes that improve the personal, social and emotional well-being of all learners, but especially more 'vulnerable groups' including 'looked after children' and those eligible for free school meals (eFSM).
3. To raise standards in Literacy and English in both Foundation Phase and key stage 2 focussing particularly on increasing attainment particularly for pupils eligible for free school meals and 'more-able' learners attaining at 'above expected' levels.
4. To further develop highly effective school-to-school partnership working and collaborative approaches in order to increase capacity in strategic and organisational leadership and management.
5. To begin to review pedagogy, curriculum planning and provision in response to the recommendations of the Donaldson Report and the new Curriculum for Wales.

School Improvement Plan Priorities 15-16

1. To raise standards in curriculum provision and attainment in Key Stage 2, with a focus on improving attainment in Reading (Literacy), Maths (Numeracy) and Science.
2. To further develop highly effective school-to-school partnership working and collaborative approaches in order to raise standards, provision and capacity in leadership & management.
3. To further develop the school's community focus, parental engagement and to improve the well-being of all learners.
4. To develop more effective and consistent to approaches to Assessment including Assessment of, and for Learning, in order to raise standards across Foundation Phase and Key Stage 2.
5. To raise standards in the teaching and learning of, and with, ICT improving outcomes both in ICT and in digital skills across the broader curriculum.

School Improvement Plan Priorities 14-15

1. To further raise standards in leadership, provision and attainment in the Foundation Phase
2. To raise standards in the teaching and learning of ICT improving outcomes both in ICT and across the broader curriculum.
3. To further develop provision and improve outcomes in Numeracy and Mathematics Skills across both key stages.
4. To further develop provision and improve outcomes in Literacy Skills across both key stages.
5. To develop and strengthen the school's 'community focus' and its provision for securing learners' 'well-being'.

School Improvement Plan Priorities 13-14

1. To introduce and implement the new National Literacy and Numeracy Framework for 2013
2. To improve boys achievement and attainment across the school closing the 'gender gap'
3. To raise standards in Oracy across the Foundation Phase and Key Stage 2
4. To develop more effective systems for tracking targeted pupils' well-being and implement effective intervention programmes.
5. To raise standards in the formative and summative assessment of learners (including identified groups) through 'whole school' use of electronic tracking.

Estyn 2012 Recommendations

In order to improve the school needs to:

R1 continue to raise the standards of more able boys in oracy, writing and science;

R2 provide displays that are interactive and encourage pupils' independent participation;

R3 make the school improvement plan more concise and accessible to all stakeholders; and

R4 further develop formal consultations with parents and carers through surveys and questionnaires.
